## Lot Inspection

Lots will be on view during normal bourse hours of the INS Convention Friday and Saturday from 10 a.m. until 7 p.m. Separate dealer viewing will be held Thursday evening from 6 p.m. to 9 p.m. In our East Lansing office, lots may be inspected by appointment the two weeks preceding the sale during regular office hours.

## Phone Bidding

Phones bids will be accepted prior to the days of the sale at our office (517) 332-8581 and on the days of the sale at the Hyatt Regency (703) 486-1234. All phone bids must be confirmed in writing.

## Lot Information

If you wish additional information on any lot, please call or write. We can furnish photos of nearly all lots upon request at a charge of \$1.00 per item (not lot). Estimates are published for your convenience. They represent our general impression of market prices at the time the lots were cataloged. Prices may actually go higher or lower. We have made every effort to be accurate in grading. You may feel confident that the condition of each lot is as described.

## Subscriptions and Prices Realized

Prices realized are available approximately five weeks after the closing date at \$3.00 each or \$15.00 by annual subscription (Europe and Latin America \$20.00; Africa, Asia and Oceania \$25.00). An annual subscription by first class or air mail will include a minimum of five catalogs.

SALE NUMBER 53  
CLOSING DATE  
June 17-18, 1983

**TERMS OF SALE**  
(Please Read Carefully)

1. BIDS BY MAIL, PHONE OR TELEX will be accepted until the closing date. All phone bids must be confirmed by mail. All lots are sold to the highest bidder. Bids are treated as LIMITS. Bids are reduced where competition permits to within 5% of the second highest bid. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.
2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Cataloging errors will be cheerfully and promptly corrected. FLOOR BIDDERS MAY NOT RETURN ANY LOTS. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 45 days after a sale. After that time, we will have made settlement with our consignors. Lots are not shipped until paid for, therefore, late payment may negate a return privilege.
3. Successful bidders are required to pay the full invoice amount before lots are delivered unless an open account has been established. An open account is a privilege and not a right. First rate credit references or a 25% deposit are necessary to assure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale.
4. All auction lots will have a buyer's fee of 10% which is waived on invoices paid within 30 days of the sale closing date. Floor bidder accounts must be settled on the day of the sale to obtain the waiver of the buyer's fee. Additionally, 2% monthly interest is charged on accounts 30 days past due beginning from the sale date. If any awarded lots are still on hand in our office without a deposit 30 days after a sale, they will automatically be offered to the underbidders and the difference in price will be billed to the top bidder. Late payers will not receive future catalogs.
5. TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS. Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in **U.S. Dollars by International Check drawn on a U.S. bank** or by wire transfer to the account of Joseph Lepczyk, c/o East Lansing State Bank, Account Number 04023353-01. As a convenience, invoices may be charged to VISA or MasterCard accounts provided the purchaser agrees to pay an additional 2½% handling charge. Please supply account number and expiration date.
6. POSTAGE, INSURANCE and/or handling fees are added to all shipments. All lots to be mailed to addresses not in the United States of America or its Territories, are charged an additional 1% insurance fee unless insurance is provided by the bidder. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered air mail with return receipts on our overseas shipments.
7. Sales Tax is added to lots delivered in Michigan and Virginia unless a valid resale number is presented.
8. TITLE to all lots remains with the cataloger until payment in full is received. The auctioneer reserves the right to accept or reject any or all bids at his discretion.

## Napoleonic Medals

We are pleased to present the following collection of Napoleonic medals for public auction. Formed by William H. Bleyer of St. Louis, Missouri in the 1930's and 1940's, it represents the largest Napoleon medal collection ever auctioned in North America. All are originals, most with mahogany toning, and many with prooflike surfaces. Lots are listed in chronological order by the historical event portrayed.

## French Judaic Medals

*The following lots form a comprehensive group of 20th Century Judaic medals. Nearly all are from the Paris Mint. Many are in original boxes. They represent an impressive gallery of famous writers, composers, scientists, painters, philosophers, etc. Nearly all are antique toned at the Mint. Some of the artistic styles used are quite unusual and modern. The original issue prices for these medals usually was high with many being struck in very limited editions (which is indicated on the rim). They form one of the more collectible areas of modern Judaic medals. The dates in parentheses are stamped on the edge of the medals and indicate the actual year the medal was struck.*

### Trade Dollars

- \* 930 - 1876-S. Select BU MS-63. Frosty light golden toning, struck with worn dies. Quite lustrous. Couple small scratches obverse. (\$750+)
- \* 931 - 1878. Proof-63. Pale blue tones, high wire rims. This is one of the rarest Proof only dates. *Breen states that only 900 pieces have been reported and many of these may have been melted in 1879. Also many of the survivors have been poorly cleaned. This present coin may be among the finest of the Issue having never been cleaned and with highly reflective fields. A true opportunity for the specialist as this coin grades nearly Proof-65.* (\$2000+)

## HOT AIR PAGE

Our current auction contains the largest number of lots ever to appear in one of our sales. The range of material is quite diverse. The number of consignors to one sale may also be a record with a total of 147 represented in this catalog.

For those attending this auction and the INS Convention from out of town, hotel reservations at convention rates are available along with "weekend special" rates depending on the length of your stay.

The results of our April sale were very gratifying. A record number of bidders participated. Some of the realized prices were far in excess of estimates as can quickly be seen by subscribers receiving their Prices Realized with this catalog. The reaction to the "buyer's fee" waiver was very positive as it imposes the cost on those bidders who actually create the burden of extra work for auction houses. Unfortunately, we were a bit delayed in sending out all invoices promptly due to the amount of staff time required in producing our June catalog and in packaging and invoicing lots for the more than 600 successful mail bidders. We were additionally slowed up due to immediate phone inquiries on prices realized. In the future, we will not be giving out this information until at least two working days after a sale when all bid sheets and invoices have had a chance to be verified. Please do not call on prices realized until the Wednesday after a sale. We may have to put an answering machine on our main line the first few days after a sale if this problem continues. Beginning with this sale, we will be alerting all successful bidders a few days after a sale what their total purchases are and that a formal invoice will be arriving shortly. For several years, we have been promptly notifying unsuccessful bidders.

The current catalog has reinforced our decision to de-emphasize medals. We will not be running medals in future sales with the exception of those of extreme rarity and high demand. The production costs are too high to justify including more than a few important medals in our auction catalogs. Call or write us first before sending medals on consignment. For other medals, I suggest potential consignors contact Johnson and Jensen.

We are actively looking for worthwhile consignments to our upcoming sales. From the standpoint of consignors, I want to share the importance of a "good book." This term is used by professional floor bidders and auction houses to refer to the quality and quantity of mail bids received prior to offering the lots to floor bidders. We invariably have a "good book" in all areas represented in our catalogs. Check out your auction house. I have had complaints about some auction firms in their frequently not even posting all bid sheets received prior to a sale. Our estimates tend to be fair. We do reject consignments that will not sell due to the unrealistic expectations of owners.

My staff wants me to insert a comment about shipments made to us. Please do not put scotch tape over your coins or seal each 2 x 2 envelope with scotch tape. It can damage good coins or require excessive handling.

I definitely will be running for Seat Two for the ANA Board of Governors. If you are an ANA member your support and vote would be appreciated.

Enclosed with this catalog is a brochure on a new numismatic business of which I am one of several partners. This firm is called MarketNet Inc. and is involved in producing advanced user-friendly micro computer software, known as CENTS. Some of its functions will focus on inventory control, want list services, customer list sorts, 2 x 2 flip printing, and a communications network for dealers, collectors and auction houses. Total systems including hardware are now being marketed. The development cost is high as we have four world class systems analysts and programmers plus their assistants on payroll. The cost of the end product to a dealer is affordable. If you return the enclosed coupon, I would be pleased to see that those interested receive additional specific information. If you are considering computerizing, it would be to your advantage to delay purchase until you evaluate MarketNet.
